Huras Family Hand-made Glass Christmas Ornaments

Memories of childhood Christmases spent with family and close friends are my main inspiration for our ornaments. Cherished memories come to life again in these colorful and amazingly detailed pieces of Christmas art. The creative process is demanding. Every ornament we make is carefully mouth-blown, silver coated and meticulously decorated by hand in the time-honored traditions dating from the 1800s.

I hope this Huras Family ornament will become a treasured part of your family's Christmas story!
