La collezione Legacy nasce con l'intento di raccontare l'heritage dell'Azienda Lamart. Questo prezioso progetto viene affidato all'estro del designer Vito Nesta per Palais Royal, Maison di porcellane, che rappresenta il cuore di Lamart.

Legacy non è un semplice decoro ma un decoro che racconta, come fosse un abecedario, la nascita dell'Azienda come importatrice di porcellane dall'Oriente nella vibrante città di Torino degli anni '70.

Con Legacy, Lamart si racconta.

Da questo intento Vito Nesta crea un pattern fatto da un insieme di porcellane finemente decorate, simbolo di una testimonianza tangibile di un inizio audace e dell'eredità di un'Azienda che si muove grazie ad un forte intuito e che continua a crescere nel tempo.

Con la collezione "Legacy", ci si ritrova a camminare dai sentieri d'Oriente ai vicoli storici di Torino, permettendoci di vivere in continuità un'eredità che oggi si manifesta in ogni dettaglio nelle porcellane di Palais Royal.

Legacy è una storia in divenire, fatta da un legame indissolubile tra passato e presente e che contraddistingue la vera eredità di Lamart.

Legacy collection was created with the intention of narrating the heritage of Lamart Company. This precious project is entrusted to the creativity of designer Vito Nesta for Palais Royal, a porcelain Maison, that represents the heart of Lamart.

Legacy is not a simple decoration but a decoration that tells, as if it were an abecedary, the birth of the Company as an importer of porcelain from the East in the bustling city of Turin in the 1970s. With Legacy, Lamart is telling its story.

From this purpose, Vito Nesta creates a pattern composed of a set of finely decorated porcelains, symbolizing a tangible testimony to a courageous beginning and the legacy of a company that is driven by a strong intuition and continues to grow over time.

With Legacy collection, we find ourselves traveling the paths of the Orient to the historic alleys of Turin, allowing us to live in perpetuity a legacy that today is manifested in every detail in the porcelain of Palais Royal.

Legacy is a story in progress, made up of an unbreakable bond between past and present that distinguishes Lamart's true heritage.

100 e più passioni

BY VALERIA CUNTO

Attraverso il disegno e la fantasia dell'illustratrice e designer torinese Valeria Cunto Palais Royal ha voluto trasformare un oggetto di uso quotidiano in un articolo altamente personalizzato in cui ognuno si possa riconoscere. Le passioni ci aiutano a superare i nostri limiti, nelle passioni ci piace immergerci per affrontare la quotidianità, le passioni creano le nostre personalità e ci aiutano ad assaporare ogni istante della nostra vita. La passione inizia al nostro risveglio, dalla colazione, ecco perché il nostro viaggio inizia proprio da qui. E tu? Quale passione vuoi incontrare al tuo risveglio?

Through the design and creativity of Turin-based illustrator and designer Valeria Cunto, Palais Royal wanted to transform an everyday object into a highly personalised item that everyone can recognise themselves in. Passions help us overcome our limits, in passions we like to dive in to face everyday life, passions create our personalities and help us savour each moment of our lives. Passions start when we wake up, from breakfast, which is why our journey starts here. What about you? What passion do you want to wake up to?

Zodiac

Christel Marott

Christel

The twelve different zodiac signs radiate strength, pride, grace but also a little mystery. Their elegant body language and facial expressions illustrate the characteristics that each zodiac sign stands for. The series was created by the Danish artist Christel Marott. Christel's well-known line can easily be found in the soft shapes of the figures.

Christel Marott (1919-1992) was a recognized Danish artist who, among other things, illustrated for Danish and foreign weekly and fashion magazines, e.g. She provided illustrations for the weekly horoscope over many years. During Christel's stay in Rome, she became seriously interested in astrology and in 1979 the first zodiac signs for Søndags-BT were drawn and the last versions were illustrated 10 years later. For the next 16 years (1979-1995), Christel's zodiac sign was used as an illustration for the weekly horoscope in Søndags-BT. Astrology and artistic abilities were further united in a series of zodiac sculptures from the hand of Christel Marott. They have subsequently become an attractive gift item. Today, it is grandson Christoffer Marott who is behind the relaunch of his grandmother's popular and successful works.
