CORAL REEF

Coral reef recalls the wonderful organic treasures that inhabit the ocean bed, the most incredible underwater ecosystems in the world.

The delicate and enigmatic forms of coral reef, reproduced with the elegance and incomparable qualities of the best porcelain, give rise to truly unique, surprising and unexpected jewelry.

These fantastic sea creatures have been used in jewelry for thousands of years. Today, Lladró has reinterpreted them, masterfully combining tradition, craft and cutting-edge in porcelain jewelry that brings the past into the most contemporary present.

THE STRENGTH OF THE WAVES

AQUARIUM

The intense blue of the depths, the strength of the waves and the softness of the breeze. The magic of the ocean turned into a small work of art.

Lladró artists have drawn inspiration from the sea and the power of nature to create *Aquarium*. A surprising, fresh and original series that combines the mastery of sculpture with the refinement of today's best design.

The designs in the *Aquarium* collection evoke the waves of the sea, the movement of the wind and even the shapes of fish. Creativity and skill only within the reach of the talent of Lladró's experienced artists, renowned masters in the art of porcelain. Jewelry made of glazed porcelain decorated in blue with rhodium-plated sterling silver. A luminous, dynamic and extremely attractive combination.

RAINBOW

The *Rainbow* collection is a capsule of jewelry dedicated to love. A love that unfolds like a rainbow with the different colors expressing its grandeur and expansive energy.

These little pieces of jewelry are symbols of positive vibrations that are further enhanced, at a decorative level, by emulating techniques from embroidery.

An art form that not only connects with and enhances the value of the handcrafted, the signature of all Lladró creations, but also updates traditions and contextualizes them with contemporary graphic codes.

TIMELESS YET GROUNDBREAKING PORCELAIN PEARLS

BUBBLES

A jewelry collection inspired by pearls and bubbles. The former, still as popular as ever in more traditional styles as well as in more fun-loving innovative looks, are transformed when interpreted as if they were bubbles. A union that gave rise to a collection of the same name, *Bubbles*.

Earrings, pendant, necklace, and ring are given shape through the combination of these light bubbles whose ephemeral beauty is captured thanks to glazed porcelain.

Softs bubbles that seem to be about to float away emulate nature's most perfect spheres and are decorated in an iridescent white tone that creates a play of colors that brings to mind bubbles and also pearls.

THE HEART OF LOVERS

CRUSH

Crush is a collection inspired by Cupid's arrow; the weapon used by the god of love to pierce the hearts of lovers. A perfect gesture to celebrate the greatest and most vital of all emotions and recall those unforgettable moments in life when our heart takes over.

Little jewels, symbolising that magical euphoric feeling that surrounds us when we're struck by love.

KISS

Kisses reinforce the meaning of words and very often express a multitude of feelings without the need for any words at all. They can be gestures of joy, love, tenderness or passion and life without kisses would be all the poorer and, as many scientific studies contend, also less healthy.

And so, in this homage to the joy of kissing, we have created these three pieces of jewelry on which perfectly outlined lips are etched. A ring, a pendant, and earrings. All made on white porcelain surrounded by a frame of tiny balls decorated with matte and glazed golden luster.

KISS COLLECTION

Lladró jewelry is hand-made and hand-finished, combining high quality Lladró porcelain with precious metals like sterling silver in various finishes such as 18-carat gold. At the same time, a wide variety of varnishes, paints and golden luster are also used in our collections to add color and elegance.

All pieces of Lladró jewelry come with a two-year warranty against defects in craftsmanship or hidden flaws, starting from the date of purchase. In addition, for the first year from the date of purchase, the replacement of the damaged piece will be 100% free*.

For normal everyday cleaning of porcelain painted with golden luster, we recommend using a soft cloth. For more thorough cleaning, you may use a soft cloth dampened with alcohol. Never use abrasive materials as this may damage the surface of the metal.
